

About World Space Week

The United Nations General Assembly declared 4-10 October as World Space Week to celebrate each year at the international level for the contributions of space science and technology to the betterment of the human condition.
October 4, 1957 - launch of Sputnik 1.
October 10, 1967 - signing of the Treaty.

About National Space Society

The National Space Society (NSS) is an independent, educational, grassroots, non-profit organization dedicated to the creation of a spacefaring civilization. Founded as the National Space Institute (1974) and L5 Society (1975), which merged to form NSS in 1987, NSS is widely acknowledged as the preeminent citizen's voice on space.
