

Benefits of MoU with NDRF

1. NDRF has expert members from premier R&D organisation as Technical Advisors. Guidance of NDRF Technical Advisors will be made available to the MOU partner for carrying out research projects. The Technical Advisors would also review research proposals / Activities/ Reports and offer feedback.
2. NDRF is the host Institution approved by MSME. MOU Partner and NDRF could submit Joint research proposals for funding.
3. The MoU partner will have access to Members of Consortium partners of NDRF. (List is available at www.ndrf.res.in) NDRF would be able to enable networking with R&D Establishments, Industry and other Academic MoU members.
4. Customized Students Internship Training could be extended to UG/PG Students of Institute at a concessional cost.
5. Training could be also extended to the Faculty Member on opportunities for funded research and other relevant technical areas.
6. Technical Guidance could be provided for Research Project and Student Projects.
7. MoU Partner will be involved as a partner in Technical events of NDRF based on mutual interest.
8. NDRF has technical publication vertical. Books authored by faculty members of MOU partner could be published through an arrangement.
